

EchoSustain Annual ESG Report 2026

Our company is proud to be 100% sustainable across all global facilities.

We strive to provide clean, nature-friendly, and eco-friendly packaging for our customers.

We reduced Scope 1 emissions by 42% across all manufacturing sites by 2025.

Our supply chain operations will be entirely carbon neutral in the near future.

Renewable electricity generation reached 1500 MWh following ISO 14001 guidelines.
